

**IMPORTANT CHANGE TO FACE  
TO FACE REVIEW FOR  
PATIENTS AT SHROPDOG  
BASES!**

**EFFECTIVE FROM 27<sup>TH</sup> MARCH 2020.**

**All patients booked for an appointment to be reviewed face to face at a Shropdoc base to be informed to remain in their vehicle until telephoned from the base.**

**This process is to minimise the risk from patients waiting in communal areas.**

**Please ensure Public Health guidance is followed for primary care settings.**

## **1. Main principles**

- identify potential cases as soon as possible
- prevent potential transmission of infection to other patients and staff
- avoid direct physical contact, including physical examination, and exposures to respiratory secretions

See Public Health England's (PHE's) [guidance for assessing possible cases](#).
